Radiation Protection Advice Sheets

The following sheets giving advice on radiation protection and medical exposures issues are now available to departments for whom CMPE act as Radiation Protection Adviser. If you wish to receive one, please email CMPE.info@christie.nhs.uk quoting ‘Diagnostic Radiology’ in the subject line.

Please note that the advice contained in these advice sheets is generic advice based on CMPE’s interpretation of current legislation, guidance and accepted good practice. It is intended to inform health service providers for whom CMPE act as Radiation Protection Adviser or provides medical physics expert support. Please contact CMPE to discuss any specific concerns.
