34720	FOI Request	usage of medicines by diagnosis (L775)	Please see attached.	13 Oct 2021	08 Nov 2021
-------	-------------	--	----------------------	-------------	-------------

I am conducting research on the usage of medicines by diagnosis in secondary care and kindly request your help.

I would like to request two reports from your Trust, to inform this research:

[1] DCB2212 Drug Patient Level Contract Monitoring (DrPLCM) report.

I would be grateful if you could send all the data fields specified in appendix 1 (see attached). Please do not send patient IDs or cost data from the original report, as I appreciate this information would compromise data privacy and commercial sensitivity.

DrPLCM data for the period Jan 2021 to Sep 2021, for all hospitals in your NHS Trust, in .csv format.

[2] A report stating the unique number of patients treated in the last 3 months.

I would be grateful if you could run an extract from your chemotherapy ePMA system, if you have one, showing the unique number of patients treated for oncology and malignant haematology conditions for the 3-month period Jul 2021 to Sep 2021 by drug name by indication, the field definitions for which can be found in appendix 2 (see attached), in .csv format.
