

## Follow-up arrangements after radiotherapy to the larynx (voice box)

You will usually be followed up in the oncology clinic six weeks after completing radiotherapy. We will make arrangements for your appointment and send you an appointment letter.

If you have not received an oncology follow-up appointment after two weeks from completing radiotherapy, please contact the medical secretaries at The Christie at Oldham on:

**0161 918 7706 or 0161 918 7705**

Please note that The Christie at Oldham radiotherapy medical team only provides advice and support during treatment. If you have any problems or concerns after treatment, please contact your specialist Head and Neck nurse, the secretary of your Christie consultant (via the switchboard on **0161 446 3000**) or your GP.

However, if you feel unwell and need urgent medical attention, please contact your GP, out of hours GP or in an emergency the Accident and Emergency Department (999). For the first month following radiotherapy you can also contact The Christie Hotline (24 hours) on **0161 446 3658**.

You may wish to refer back to The Christie booklet '**Radiotherapy to the head and neck**' and '**Follow-up information after radiotherapy for head and neck cancer**' or contact the Macmillan Cancer Information and Support Centre for more information and sources of support.
