

**Prostate follow-up
at
Waters Green
Medical Centre**

The Christie is now seeing patients in community clinics who have previously been treated for prostate cancer. These clinics are in locations closer to where you live, whilst maintaining the same quality of care you received at The Christie.

Any existing appointments that you have at The Christie have been cancelled. Your next clinic appointment will be at an alternative Community Clinic. The clinic is staffed by specialist Christie nurses who have expertise in managing prostate cancer patients.

The appointment times will be longer in the new community clinic so you will have more opportunity to discuss any concerns regarding your prostate cancer, blood test results and treatment side effects. As far as possible, you will be able to see the same specialist nurse at each clinic visit to help with good continuity of care.

If at any point it is felt that you need to see a consultant urologist or specialist cancer doctor then you will have rapid access back to The Christie.

We have also recognised that it is useful to have an up-to-date PSA blood test performed **before** you get to the clinic so we have the results to hand on the day and we can then discuss them with you. **You need to make arrangements with your own GP practice for this blood test to be carried out 1 to 2 weeks before your appointment date. Please bring a copy of the PSA result with you.**

Your next Christie appointment will be at Waters Green Medical Centre in Macclesfield. On arrival at the clinic, please make your way to the first floor and book in with the receptionist. The clinic staff will call you through. Your appointment should last no longer than 30 minutes.

Travelling to Waters Green Medical Centre Sunderland Street Macclesfield SK11 6JP

Car parking

There are pay and display car parks at the train station opposite the clinic and on the corner of Waters Green and Sunderland street, next to the Millstone pub.

There is a free car park to the rear of the building. Follow the signs up Waters Green, then second left onto Boden street and the car park is on the left hand side. Enter the building at car deck 1 or 3 and go to the first floor reception.

Public transport

The train station is directly opposite the clinic.

The bus station is approximately five minutes' walk away and is situated just behind the Aldi store. Exit the bus station onto Queen Victoria street and turn right following the road to Waters Green. Turn right at the end into Sunderland street and the medical centre is on the right.

Details of bus and train services are available from: www.cheshireeast.gov.uk/public-transport or telephone Traveline (0871 200 2233).
