The Christie comment form

We care, we discover, we teach

easy read

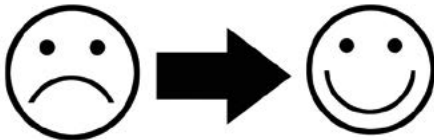

At The Christie we are always trying to find better ways to help you.

There are two ways you can help us to do better:

1. Tell us what you like most about The Christie. Please tell us what is important to you.

2. Tell us what needs to be better. This could be about the hospital itself, how we run things, or how the staff can be better.

Please tell us the name of the ward, department or the member of staff you are talking about. This makes it easier to give your feedback to the right people.

We look at all of your comments. All feedback is written down and shared with the person or the department it is about.
