

UK & Ireland Peritoneal Malignancy Meeting 2019

Thursday 31st January 2019

Education Centre (Dept 17), The Christie, Manchester, M20 4BX

Overview

This one day conference will cover a diverse range of topics on peritoneal metastases.

It will feature keynote lectures from internationally renowned faculty, didactic sessions, debates, and case presentations.

Each of the active operating sites will be presenting their workloads in the various tumour types with the aim of identifying on-going development needs to report back to NHS England.

Intended Audience

The target audience includes healthcare practitioners in the field of surgical and medical oncology, gastroenterology, radiology, gynaecology, and pathology.
