

Freedom of Information – Pharmacy Service

In respect of chemotherapeutic agents the listing of drugs used at the Trust can be [found here](#). However the Trust participates in numerous clinical trials and therefore the formulary is quite fluid.

Please note that we do not release the prices paid for the drugs used at the Trust as to do so would prejudice the commercial interests of our suppliers. We therefore withhold this under Section 43 of the Freedom of Information Act. Information is exempt information if its disclosure under this Act would, or would be likely to; prejudice the commercial interests of any person (including the public authority holding it).

The IT system currently used within Pharmacy to assist with prescribing is iQemo.

The contact details for Pharmacy can be [found here](#).

The role of Medicine Safety Officer is assigned to the Trust's Lead Pharmacist - Electronic Prescribing.

Further information about the Pharmacy service can be [found here](#).
