

The Christie FRCR Part 2B Preparation Course

Saturday 21st - Sunday 22nd September 2019
The Christie, Manchester, M20 4BX

Summary

The Christie FRCR Part 2B Preparation Course has been delivered since 2013 and has provided many successful delegates with the guidance and support to help pass their 2B exam. The course is delivered under exam conditions and the faculty contains a diverse mix of experienced consultants and recent FRCR recipients

Previous delegate feedback

“Pairing up with others gave the chance to learn from others techniques”

“I liked the fact we had patients with clinical signs to examine, very realistic. The mock exam on Sunday was helpful with regards to understanding time pressures. It's very focused on our needs for the exam which is good ”

“I passed and the Christie course definitely played a big role in preparing me for the exam. I thought the cases on the course were largely representative of the real exam. Some were perhaps harder than the exam, but that is no bad thing for preparation!”

Sponsor

The Christie FRCR Part 2B Preparation Course

Introduction

Interactive, practical course specifically focused on the clinical components of the FRCR Part 2B exam.

This course is supervised by consultants with experience of FRCR teaching and consultants/senior registrars who have recently gained their FRCR

Delivery

The course aims to ensure

- maximum interaction between tutors and candidates
- opportunities for candidates to be examined at each 'station'

Target Audience

Post FRCR Part 2A candidates who are sitting Part 2B in Autumn 2019.

A pass at the Part 2A component is essential for course registration

This course will be focused on the Part 2B elements only

Registration

You will be able to reserve a space from 12pm on Thursday 1st August 2019.

Course applicants sitting the Part 2A exam in Autumn are encouraged to reserve a place. Registration will only be confirmed upon successful completion of the Part 2A exam and payment of course fees

Priority will be given to candidates who have not attended a previous FRCR 2B preparation course at The Christie

Fees

£550 (To cover course running costs and course dinner on Saturday evening)

Course Schedule

Saturday (0830-1830 followed by course dinner)

- Viva cases & clinical stations in pairs (with immediate feedback)

Sunday (0900-1700)

- Mock exam
- Breakout sessions (e.g. radiotherapy fields & plan evaluation)

Learning outcomes

- Candidates will become familiar with the exam format and develop key skills when approaching clinical and viva cases
- Recognising common themes, question patterns and developing exam technique
- Candidates will feel confident of knowing what to expect in the real exam
