

ACP Cardiovascular Masterclass

Monday 14 September 2020, The Christie School of Oncology, M20 4BX

Overview

This advanced clinical practice masterclass will be taught by expert clinicians and will include the management of acute and chronic cardiac conditions. There will also be an opportunity to practice advanced cardiac history and examination skills using relevant case study material and simulation.

Intended Audience

The morning sessions are open to all clinical practitioners, practitioners in training and allied health professionals working at an advanced level. The afternoon is aimed at advanced clinical practitioners where examining is part of their role and will consist of three practical clinical stations

What to expect

- Acute cardiac conditions
- Chronic cardiac conditions
- Cardiac toxicity from anticancer therapies
- Clinical stations including simulated cardiac history, examination and ECG's
- What happens when things go wrong?

Fee

£125 Full Day

£50 Morning Only (lunch included)
