I can see the figures that you publish online, but these are deaths within 28 days of a positive Covid-19 test, so they could have died from other causes.

I just want to know the exact figures between 1st February 2020 until the 31st December 2020 for the following questions:

Question 1

How many people have died in each of your hospitals between 1st February 2020 until the 31st December 2020?

Question 2

How many people have died in your hospitals from Covid-19 alone between 1st February 2020 until the 31st December 2020?

(As in they died ONLY due to Covid-19 and did not have any comorbidities at the time of death.)

with the Data filtered :

- By Hospital showing deaths per month per hospital between 1st February 2020 until the 31st December 2020.

Question 3

How many people have died in your hospitals from Covid-19 between 1st February 2020 until the 31st December 2020?

(As in they died due to Covid-19 but they did have comorbidities at the time of their death.)

with the Data filtered :

- By Hospital showing deaths per month per hospital between 1st February 2020 until the 31st December 2020.

I'm writing to you under the Freedom of Information Act (2000) to request information on the usage of certain types of Ventilator within your Trust, based on the models acquired during the ventilator challenge specifically relating to:

- the Penlon ventilators,
- The Breas Ventilators,
- The Smiths Medical Ventilators,
- and the CPAP non-invasive units.

I'd like to know, if possible:

- how many of the various invasive models were used within your trust vs how many were ordered (the Penlon units being the most important with regards to this).
- the cost per unit breakdown.
- The survival / rates of recovery for those ventilated.

33478	FOI Request	Support for family members with cancer (L456)	<p>1) What support do you offer for the family members of patients being treated for cancer within your NHS Trust? (Support can include anything that would contribute to the emotional well-being of an individual, such as support groups, counselling or advice). Patients, their families and support groups able to access the Cancer information Service, Art room and chaplaincy and spiritual care team for support and advice including those people supporting patients on their cancer journey. The information centre offers both written and verbal information as well as the opportunity to sit and talk to a member of staff for support and a listening ear. They also sign post patients to other supportive services both internally and externally. The art room is open to patients and their families and support groups. The chaplaincy and spiritual care team also offer support. During COVID the services are operating remotely, with the exception of the Spiritual care and chaplaincy team who are working on site as well as offering support remotely.</p> <p>The dementia service currently offers to support the carers or family members of our patients with dementia. This may include support to carers/family members of patients with dementia having oncology treatment OR patients having treatment themselves that care for their loved one with dementia. This support may take form by either signposting the carer to relevant dementia services in the area they may live or by offering face to face personal advice/education or telephone advice. If the family member/carers is a Christie patient the nurse may often advocate or liaise with other Health and Social Care professionals if required on their behalf.</p> <p>In the past a weekly memory wellbeing "drop in" was held in conjunction with the complimentary therapy service to support patient and carers in order to offer practical advice and coping strategies to those affected by memory issues. In addition complimentary therapy also offered various complimentary treatments to improve the wellbeing of the patients/carers. The dementia service hopee to offer this service again in some form when things return back to normal after the COVID pandemic has ended.</p> <p>The Dementia service at the Christie have also worked in partnership with Leeds Beckett University and the Alzheimer's Society by offering advice and answering live question sessions on an online National dementia discussion forum for those affected patients or carers affected by cancer and dementia.</p> <p>Any suggestions from carers are also considered when developing any dementia guidelines or policies to enhance dementia care in the Trust.</p> <p>2) Does your NHS Trust provide any tailored support specifically for young people (under 25s) who have family members being treated for cancer? As a principle treatment centre for TYA (under 25) diagnosed with Cancer we provide an MDT approach to support and care, however we do not provide support within the TYA service for young people who have family members being treated for cancer.</p> <p>3) If so, please could you provide details. We signpost any family members to local services such as Maggies, Bury Cancer Support, Beechwood etc. We would also encourage engagement with local hospice providers if appropriate as they often have excellent support opportunities for family members.</p> <p>4) Are services actively offered to patients' family members, or do they have to approach the Trust themselves to request support? There is no need for a referral to the Information centre, art service or chaplaincy service. Patients will be informed of the services by staff, in some instances staff will contact the services for the patients or the patients may choose to make contact directly. These services are easily accessible ad hoc during their hours of work with no prior appointment needed. During COVID the information centre is available via phone or email as is the spiritual care and chaplaincy service. The art service can be accessed through the information centre. Pre- covid all services were accessible to walk in to.</p> <p>Anyone may access the dementia service as long as the patient is undergoing Oncology treatment at the Christie. Referrals for advice and support may come direct from family members/carers themselves or from health or social professionals. Christie staff may also seek advice from the service if they are a carer themselves of a person with dementia and HR may occasional refer if they feel a staff member may benefit from a chat.</p>	01 Feb 2021	12 Feb 2021

1) What support do you offer for the family members of patients being treated for cancer within your NHS Trust? (Support can include anything that would contribute to the emotional well-being of an individual, such as support groups, counselling or advice).

2) Does your NHS Trust provide any tailored support specifically for young people (under 25s) who have family members being treated for cancer?

3) If so, please could you provide details.

4) Are services actively offered to patients' family members, or do they have to approach the Trust themselves to request support?

In order to assist you with this request, I am outlining my query as specifically as possible. As you will understand, this may not be a definitive list of relevant information.

Please could I have the details of:

1. The number of hospital patients who tested positive for Covid-19 after initially testing negative between November 30 2020 and 31 January 2021.
2. The number of these patients who subsequently died
3. If available, please could I have details of the date of admission, the reason for their initial hospital admission e.g. fractured bone, chest infection, the date of the positive test and the date of their death.

<p>1. The spending per financial year on translation services (written) and interpreting services (oral) for your organisation over each of the following 5 financial years: 2015/2016, 2016/2017, 2017/2018, 2018/2019, 2019/2020, as well as the languages involved. Please do not include data regarding the spending on services for the deaf and blind (such as sign language interpreting or Braille).</p> <p>2. The total budget for your organisation for each of the 5 financial years the information above is provided on, for all expenses not just for translation and interpreting services, i.e. to include all expenses such as salaries, utilities, equipment, consumables etc., with only the total figure given, no breakdown necessary. For example, I assume the total budget would be a few dozen or hundred million pounds per financial year. This is so that I can calculate the translation and interpreting spending as a percentage of the organisation's total budget (which I suspect would be around or under 0.1%). The data will be compiled, analysed and published on https://inboxtranslation.com</p>
