Q3. Does your trust participate in any ongoing clinical trials for immune thrombocytopenia (ITP)? If so, can you please provide the name of each trial along with the number of patients taking part?

Q4. Does your trust participate in any ongoing clinical trials for myelofibrosis? If so, can you please provide the name of each trial along with the number of patients taking part?

34590	FOI Request	Neonatal care unit access complaints, Covid-19	Request closed as not applicable to the Trust	02 Sep 2021	06 Sep 2021
-------	-------------	--	---	-------------	-------------

Could you please tell me, between March 1st 2020 and the date of this email (02/09/2021):

1) How many comments through the patient advice and liaison system (PALS)*, as well as official complaints, has your Trust received from patients complaining about limited access to neonatal care units as a result of COVID-19 restrictions?

Please do this by searching for complaints containing any of the words "neonatal", "covid", "covid-19", "coronavirus", "incubator", "baby".

2) Can you select the five most recent complaints and provide me with the following details:

- a) a summary of the complaint (e.g., a couple whose baby spent two weeks in an incubator following premature birth complained about not being allowed to enter the neonatal care unit together and for only a limited number of hours per day)
- b) the exact wording of the complaint, with redactions to remove potentially identifying information
- c) what action the Trust took in response

34487	FOI Request	Data breaches (L720)	Please see attached. (PDF available upon request)	23 Aug 2021	08 Sep 2021
-------	-------------	----------------------	---	-------------	-------------

I would like to submit a Freedom of Information request. I would like to receive information about the number of data breaches your NHS foundation has experienced. This can be, for example, an email sent out to the wrong recipient, fail to BCC in an email or other human errors that caused data breach.

Can. I please receive the number of data breaches for the past 5 financial years meaning financial year 2020/2021, 2019/2020, 2018/2019, 2017/2018 and 2016/2017.

Can the information supplied be broken down by year?

I understand that information about items of spending over £25,000 is published on the Christie NHS Foundation Trust website. I would like to request some complementary information, if possible.

What I am requesting is a compiled list, ideally in Microsoft Excel format, of your external suppliers which contains the following variables:

- The name of the supplier
- The total amount paid to the supplier during the year 2020 for purchases of goods and services.

This request only regards suppliers to whom the organisation has paid £2,000 or more in total during 2020. If information about any specific supplier is too sensitive to produce, feel free to remove it from any potential list.

I would like to make a freedom of information request, under the Freedom of Information Act, pertaining to the trust use of insourcing providers to aid in waiting list management. Specifically, I would like to know;

- Does the trust currently use private insourcing providers?
- Which providers are currently used, and for what type of work are they employed (e.g general surgery, ophthalmology, etc)?
- Does the trust also outsource waiting list work to private hospitals, etc?
- What % of patients are insourced vs outsourced?
- Please provide a list of insourcing contracts that have been awarded to insourcing providers within the last 5 financial years, to include the following information;
 - o Contract award date
 - o Contract end date
 - o Name of company the contract was awarded to
 - o Value of contract
 - o Nature of contract (which specialism does the contract relate to, what does the contract cover)
 - o Contact name title and contact details for the person in charge of each contract awarded

34589	FOI Request	smell of solvent (L733) EIR	<p>Further to your recent enquiry to the Trust we write to confirm this has been considered under the Freedom of Information Legislation. The Trust cite Section 14(1) as being applicable to your enquiry and therefore has no further response to provide in this matter.</p> <p>Section 14 (1) of the Freedom of Information Act 2000 does not oblige a public authority to comply with a request for information if the request is considered vexatious.</p> <p>In the spirit of the Act, we once again point you in the direction of the Neighbourhood Forum.</p>	02 Sep 2021	28 Sep 2021
<p>this is to record that seemingly high levels of solvent were detected at the Rathen Road boundary of the site of PA 117847 yesterday [31 August 2021]. This is the fourth day on which this effect has been detected.</p> <p>It is assumed that under the general requirements that apply to construction plans for this site, the contractor will now be recording these levels of solvent/s that are being released to the atmosphere.</p> <p>Whilst the CEMP covers materials storage and handling [and presumably includes for the storage steel treatment in terms of solvent issues], it does not appear to include this application of a treatment]. Please confirm this point.</p> <p>If this were not the case, it would be surprising, since the time taken to carry out this process of application would appear to be significant and somewhat disproportionate in the case of such a large structure and being so close to sensitive receptors / stakeholders.</p> <p>Again [as in the case of vibration and noise, whether levels of exposure are calculated to be legal or not], relevant information is being requested to allow local stakeholders to self-calibrate their levels of exposure to this solvent or solvents and thus to arrive at their own decisions regarding exposure.</p>

We're writing regarding the policies, protocols, and guidelines operated by each NHS Trust in relation to the care of transgender people.

We're aware that NHS England Specialised Commissioning is responsible for commissioning specialist gender identity services in England. However, we're interested in what guidelines are in place for the provision of transgender healthcare at primary and secondary care levels.

With this in mind, could you please provide the following:

- 1) Any equality and/or diversity policies you have in place for patients.

- 2) Any equality and/or diversity policies you have in place for staff.
- 3) Any guidelines, protocols, policies, or similar relating to care provision for transgender adults.
- 4) Any guidelines, protocols, policies, or similar relating to care provision for transgender children and adolescents.
- 5) Any guidelines, etc. relating to mental capacity and/or informed consent.
- 6) Any guidelines, etc. relating to shared care agreements and/or working with private services to facilitate treatment, particularly with regards to transgender healthcare.

We understand that this will be more or less relevant depending on the Trust, but please provide as much information as possible. I am happy to answer any questions you might have or provide further clarification.
