

Christies Resident Permit Scheme Performance Report (Jun 26 – Aug 26)

1. Executive Summary

- 2,110 PCNs issued (average: 32 per day)
- 15,835 street visits conducted (average: 240 per day)
- 1,023 PCNs issued in Limited Waiting bays

2. Introduction

The Christie Resident Parking Scheme (RPS) was introduced in 2015 to manage parking demand in the area surrounding The Christie NHS Foundation Trust, the major cancer treatment centre in the Greater Manchester area. Due to high visitor numbers to the hospital and staff parking pressures, local streets experienced significant congestion and reduced parking availability for residents and their visitors. The RPS aims to improve access for residents and their visitors, as well as supporting better traffic flow throughout the area. The below report concentrates on enforcement actions taking place between 1st March 2026 and 24th May 2026.

3. Enforcement Activity

3.1 Total Visits and PCNs

The Christies RPS remains a key enforcement area to Manchester City Council (MCC) and as such has its own dedicated team high mobility Civil Enforcement Officers (CEOs) utilising cycles and state of the art CCTV equipped electric vehicles.

These officers patrol the RPS every day it is operational barring Bank Holidays, conducting regular visits to problem areas and enforcing Penalty Charge Notices (PCNs) where required.

The number of PCNs and visits conducted for each moth is as follows:

Month	Total PCNs	Total Visits
June 2026	677	5,120
July 2026	723	5,226
August 2026	710	5,489
	2,110	15,835

Number of visits and PCNs across the period remain stable and within expectations. Compared to last year PCNs have increased by 2% (2,077) and visits have increased by 14% (13,943).

3.2 Enforcement by Contravention

In Manchester, CEOs are empowered to issue a wide range of contraventions in order to ensure the free flow of traffic. CEOs are trained to advise customers to improve their parking habits rather than enforcement being the first action.

Unsurprisingly for an RPS, the most issued contravention for the period was code 12 (*Parked in a residents or shared use parking place without clearly displaying either a permit or voucher or pay and display ticket issued for that place*). Code 12s made up just under half of all PCNs issued, signifying that there is still a significant issue with non-resident parking in the area. The breakdown of PCNs by contravention is as follows:

3.3 Enforcement by Location

The Christies RPS has over one hundred locations to enforce and using both our considerable local knowledge and our specialised Intelligence Led Deployment (ILD) tools, we are able to pinpoint the areas most in need of patrol and enforcement. The top ten enforced locations are as follows:

Location	June 2026		July 2026		August 2026		Total	
	Total PCNs	Total Visits	Total PCNs	Total Visits	Total PCNs	Total Visits	Total PCNs	Total Visits
Circular Road	64	247	73	265	48	233	185	745
Hill Street	46	183	41	174	56	191	143	548
Oak Road	27	153	29	165	37	169	93	487
Rippingham Road	23	103	34	109	35	119	92	331
Rathen Road	31	142	28	139	30	132	89	413
Wilmslow Road (Withington)	16	172	30	215	42	196	88	583
Tatton Grove	30	175	21	160	28	175	79	510
Palatine Road (Withington)	23	93	23	74	29	88	75	255
Egerton Crescent	25	109	28	110	20	105	73	324
Davenport Avenue	21	78	26	81	19	86	66	245

Predictably the major roads around the hospital are the driving force behind the enforcement figures. A full breakdown of each street is available in Appendix 1.

The total contraventions for each of these locations is as follows:

	01	02	12	19	21	23	25	26	27	30	40	45	47	48	99	Total
Circular Road	97	23	64							1						185
Hill Street	7		127	1						8						143
Oak Road	6	80								4	3					93
Rippingham Road			92													92
Rathen Road			88							1						89
Wilmslow Road (Withington)						20	56			7		3	2			88
Tatton Grove	1	1	77													79
Palatine Road (Withington)	67	1													7	75
Egerton Crescent	20				1	10			2		40					73
Davenport Avenue	2		62						1	1						66

A full breakdown of each street is available in Appendix 2.

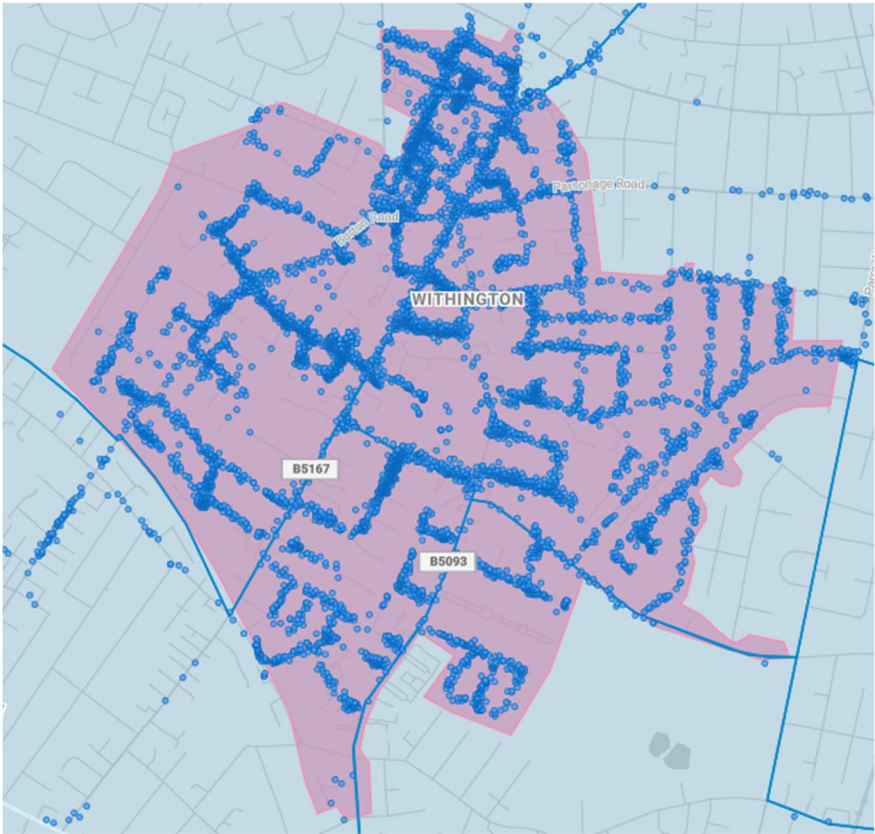

3.4 Heat Maps

Utilising our ILD tools we are able to build comprehensive heat maps that track our enforcement activities across the area. Doing so enables us to pinpoint problem areas that might have been missed by relying on local knowledge alone.

PCNs

Visits

Appendix 1

Month Location	June 2026		July 2026		August 2026		Total	
	Total PCNs	Total Visits	Total PCNs	Total Visits	Total PCNs	Total Visits	Total PCNs	Total Visits
